

Plug-In Air Freshener & Refill

READYFIX PRODUCT CODE: Z105-064

A mains-powered plug-in diffuser supplied with a scented-oil refill for continuous room fragrancing. The compact unit plugs directly into a standard UK wall socket and allows the fragrance output to be adjusted.

- Starter kit comprising one plug-in diffuser and one refill.
- Suitable for continuous fragrancing of indoor areas.
- Fragrance supplied may vary according to availability.

Technical specification

Property	Specification	Property	Specification
Readyfix code	Z105-064	Product type	Plug-in air freshener kit
Kit contents	1 diffuser + 1 refill	Refill size	Typically 19ml
Power connection	UK 3-pin mains plug	Operation	Continuous diffusion
Output control	Adjustable fragrance level	Unit colour	Normally white
Fragrance	Varies	Refill appearance	May vary by fragrance
Service life	Depends on setting and use	Unit of supply	1 starter kit

Installation and use

Remove the refill cap and fit the refill securely into the compatible diffuser. Plug the assembled unit upright into a suitable UK wall socket, keeping the refill below the diffuser. Select the required fragrance level where an adjustment control is provided. Follow the instructions printed on the unit and refill supplied.

Safety, handling and storage

Keep the unit upright and do not cover or obstruct airflow. Do not handle with wet hands or use with extension leads or multi-plug adaptors. Keep away from children, pets, heat and ignition sources. Avoid contact with refill liquid and wash hands after handling. Store unused refills upright in a cool, dry place.

Important: fragrance formulations and hazard information vary. Always refer to the label and Safety Data Sheet for the exact refill supplied. Safety Data Sheets are available on request.

Product image is illustrative. Brand, fragrance, packaging, refill colour and minor design details may vary according to the approved source of supply. The product supplied will be of an equivalent plug-in diffuser and refill format.
