Installation and operating guidance

Position the appliance upright on a firm, level surface with adequate ventilation around it. Keep away from heat sources and direct sunlight. Allow the appliance to stand upright after transport before connecting it, then set the temperature control to the required level. The four feet keep the appliance raised from the floor.

Care and safety

Use indoors in a dry, well-ventilated location. Do not obstruct ventilation openings. Disconnect from the mains before cleaning or moving the appliance. Clean with a soft damp cloth and mild detergent; do not use abrasive cleaners. Refer servicing to a competent person.
