Directions for use

Wet the sponge with clean water and gently squeeze out excess liquid. Wipe the marked area using light, even pressure. Rinse during use as required. The sponge will gradually wear down as it cleans and should be replaced when no longer effective.

Surface suitability and precautions

The eraser cleans by mild abrasive action. Always test on a small, inconspicuous area before use. Do not use on high-gloss, polished, delicate or easily scratched surfaces. Take particular care with painted, coated and varnished finishes. Not intended for personal cleansing or contact with skin.
