

TECHNICAL DATA SHEET

Hippo GRIPit No Nails Adhesive 400ml Foil

Readyfix product code: L481-750

Product overview

A solvent-free, white, gap-filling grab adhesive formulated as an alternative to nails and general fixings for a wide range of internal applications. It provides good initial grab, is slump resistant and can be overpainted when dry. Supplied in a 400ml foil for use with a compatible foil applicator gun.

KEY FEATURES

- Good initial grab strength with gap-filling properties.
- Solvent-free, low-VOC formulation.
- Slump-resistant paste for controlled application.
- Paintable with water-based paints; test compatibility with solvent-based coatings.
- 400ml ECO-PAC foil produces substantially less waste volume than a conventional cartridge.

SUITABLE SUBSTRATES

Bonds many common materials including wood, metals, ceramic tiles, natural stone, brick, concrete, plaster, plasterboard and polystyrene. At least one bonding surface must be porous.

TECHNICAL SPECIFICATION

Manufacturer ref.	H18557
Pack format	400ml foil / ECO-PAC
Colour	White
Consistency	Paste
Base	Synthetic elastomer emulsion
Density	1.65kg/l
Open time	13-18 minutes
Resistance after drying	45kg/cm2
VOC	Less than 50g/l
Temperature resistance	-25 degrees C to +70 degrees C

APPLICATION GUIDANCE

- Surfaces should be sound, clean and free from dust, grease and loose material.
- Apply using a compatible foil applicator gun in beads or dabs, then bring the surfaces together and press firmly.
- Support or secure heavy components until the adhesive has developed sufficient strength. Follow the instructions on the pack.

STORAGE AND SAFETY

Keep the foil closed and store in a dry, well-ventilated place in accordance with the label. Use suitable eye protection and gloves and observe normal occupational hygiene. Refer to the current Safety Data Sheet before use.

IMPORTANT LIMITATION

For internal use. Do not use where both substrates are non-porous. Always confirm suitability for the intended materials and service conditions; test on a small area where appearance or compatibility is uncertain.
